The scenery and birdlife is spectacular and professional guides ensure your safety while keeping you informed about interesting features of the forest ecology. If you are fortunate enough, you will spot a pair of Knysna Loeries or the brilliant red plumage of the elusive Narina Trogon. Whatever happens, we're quite sure you'll be back again!

Situated 8km from the Storms River Bridge on the N2, Tsitsikamma Falls Adventure Park offers spectacular Zipline adventure slides across the Kruis River. The eight slides, of which the longest is 211m, zigzag along cables across the river gorge, as high as 50m above the water in some places. Each section presents its own surprises, adventure, wonders and beautiful views over indigenous Tsitsikamma fauna and flora. Users can control the speed of their descent, allowing them to stop mid cable to take in some of the awesome views over the waterfalls. The guides provide interesting commentary about the area as patrons traverse the gorge and waterfalls.

We operate in all weather conditions, 365 days a year. This is a dry activity and rain suites will be provided when necessary. Children 3 years and older can partake in this action packed adventure thrill. We do allow children and the timid to slide in tandem with parents or with a guide.
